

ENIGMA

ESP-D6500 Color Screen LED Lighting Guard Tour System

Features:

- Pogo pin contacts, free USB driver
- Detailed and accurate data reporting, easy for management
- Tamper-proof, waterproof, shockproof, high/low temperature resistance
- Strong management basis
- LED lighting
- Impact record

Specification

Workable tags	125kHz EM tags / 13.56MHz ISO 15693 TI tags / 13.56MHz ISO14443A IC tags optional	Operation temperature	-40°C ~ +70°C
Storage capacity	80,000 pcs patrol data	Size	125*56*26mm
Card reading time	< 0.1s	Power consumption	60mA
Reading distance	< 3cm	Structure	Metal alloy
Impact record capacity	32,000 logs	Net weight	180g
Data download	Pogo pin contacts, no need to install USB driver	Battery	750mA rechargeable built-in lithium battery
Operation prompt	LED + LCD + buzzer beeps	LCD screen	TFT 3.0' color screen
